

Vehicle inspection record

Driver record of the daily vehicle condition inspection

Driver	Demo Fleet Admin	Inspection date	26/09/2026
Registration	FV73 NXR	Mileage	29,997
Vehicle licence	29403	Driver licence	Hackney carriage · HCAB12C
Submitted	11:10 hours on 26/09/2026		
Outcome	1 fault reported across 12 sections · 1 photograph attached		

Inspection checklist

Area	Requirement	Faulty	Correct
Brakes	Service (foot) brake operates firmly with no excessive travel		OK
	Parking (hand) brake holds securely without excessive travel		OK
Steering and horn	Horn control is within easy reach of the driving position		OK
	Horn sounds clearly when operated		OK
	Steering responds smoothly with no excessive free play		OK
Lights, indicators and lenses	All exterior lights and indicators work correctly		OK
	Every lens is fitted, clean, undamaged and the correct colour		OK
	Brake lights come on when the brake is pressed and switch off when released		OK
	Dashboard warning lights behave as expected, including where fitted ABS, airbag (SRS), main-beam and parking-brake indicators		OK
Mirrors, glass and visibility	All required mirrors are fitted, secure and correctly aligned		OK
	The driver has a clear view in every direction, with no cracked, over-tinted or obstructed glass		OK
	All windows open and close as intended		OK
Seats and seat belts	Every seat is firmly secured	X	
	All seat belts latch correctly and are free from cuts or damage	X	
	Fault note: Cut in seat belt.		
Wipers and washers	Wipers move across their full range when switched on		OK
	Wiper blades clear the windscreen without smearing		OK
	Washer jets aim at the windscreen and spray correctly		OK
	Washer reservoir is topped up		OK
Battery	Battery is clamped securely in position		OK
	No signs of leakage from the battery		OK
	Terminals are tight and free from corrosion		OK
Fluid levels, fuel and oil	Engine oil, coolant, brake fluid, power-steering fluid and washer fluid are all at safe levels		OK

Today's reminder: Wet roads. Slow down in wet weather. Increase your following distance and allow extra braking time.

	Fuel filler cap seals properly and its seal is undamaged		OK
	No leaks of brake fluid, power-steering fluid, coolant or water		OK
	With the engine off, check the ground for fresh puddles and trace any leak before driving		OK
	With the engine running, look underneath for fuel or oil leaks		OK
Bodywork and doors	All doors close securely and stay open when held for passengers		OK
	No sharp edges or significant corrosion on the body		OK
	Panels and sills are secure, undamaged and not at risk of coming loose		OK
Exhaust and emissions	Exhaust is secure, leak-free and does not produce excessive smoke		OK
Tyres and wheels	Tread depth is at least 1.6mm across the central three-quarters of the tyre		OK
	All tyres are inflated to the correct pressure		OK
	No deep cuts or bulges in any sidewall		OK
	No exposed cords anywhere on a tyre		OK
	All wheel nuts are present and tight		OK
	A space-saver spare is only for reaching a repair, not for carrying passengers for hire		OK
Licence plates and signage	All licence plates and required signage are displayed before working		OK
	Nothing obscures the vehicle registration plate		OK
	Roof sign or taxi light is secure and working, where fitted		OK
	Taxi meter seal is unbroken, where fitted		OK

Driving a licensed vehicle with a known defect can lead to enforcement action. The risk is greater where a fault has clearly gone unnoticed because daily checks were not carried out.

This record was generated by the Vehicle Daily Check platform, an independent software solution. It is not affiliated with, provided by, or endorsed by any licensing authority.
